Second Stage Studio

**is designed to create a warm,
friendly and engaging
environment inviting each and
everyone who enters to become
inspired; to let go and let the spirit
of creativity take hold of them. We
believe that the creative arts are
essential elements in education,
in learning, in developing, in
maturing. Students at Second
Stage Studio are learning to
express themselves via the
written and spoken word taking
the shape of prose, poetry, song,
art and performance. They
communicate; they contemplate;
they collaborate; they create.
They are Student Artists. They
have been encouraged to tell their
own stories and they are.**

We are learning from them.
